Options for Consideration

- Option 1 – Presented to Subcommittee
- Option 2 – Replication Application Model
- Option 3 – Blended Model
- Options presented in detail on Options Sheet.

Option 1 – Presented to Subcommittee

- A charter holder is eligible unless an Associated School serving the grade levels being requested does not meet and does not qualify for a special exclusion.
- **DSP** required for each Associated School <u>serving the grades requested</u> which did not Meet.

Option 2 – Replication Application Model

A charter holder is eligible if:

- The charter holder meets the expectations, <u>and</u>
- 75% or more of Associated Schools Meets, <u>or</u>
- If Associated Schools excluded, then 100% of the remaining Associated Schools Meet.
- **DSP** – Not required for any Associated School.

Option 3 – Blended Eligibility

A charter holder is eligible if:

- The charter holder meets the expectations, and
- (Condition A) 75% or more of Associated Schools serving requested grades Meet, or
- (Condition B) If any Associated Schools excluded, then 100% of the remaining Associated Schools serving requested grades Meet.
- If Condition A or B not met, DSP required for each Associated School serving the grades requested, not excluded, and not meeting.

Recommendation – Option 3

- Provides staff with information relevant to evaluating capacity for expansion
- Effectively incorporates Framework into amendment/notification process
