INSTRUCTIONS

NOTE: This questionnaire should only be used for schools that are exempt from the Uniform System of Financial Records for Arizona Charter Schools (schools that HAVE an exception). If a school is subject to procurement requirements pursuant to A.R.S. §15-189.02 and 41-2535(A), this questionnaire should be used in conjunction with the Procurement **Compliance** Questionnaire (see audit guidelines memo dated **6/10** _____) which is available on the Arizona State Board for Charter Schools' website <http://asbcs.az.gov>.

In order to determine whether a charter school that is exempt from the requirements of the Uniform System of Financial Records for Arizona Charter Schools (USFRCS) is complying with applicable legal requirements, the auditors must complete the following Legal Compliance Questionnaire (Note: This questionnaire is not comprehensive of all legal requirements for charter schools. As such, this document should not be the sole reference to determine all laws and regulations that are applicable to charter schools).

The following prescribed minimum audit standards for completing the Legal Compliance Questionnaire must be used in all audits. The State Board for Charter Schools may reject audits not meeting these standards.

- ◆ Sufficient, appropriate evidence must be obtained annually for each question to satisfactorily determine whether the school complies with the legal requirements, and the evidence must be ~~documented~~included in the ~~working papers~~audit documentation.
- ◆ Evidence may be obtained through test work, observation, examination, and client assertion. However, client assertion alone is not adequate evidence to support "Yes" answers to the questionnaire.
- ◆ Population size should be considered in determining the number of items to test, and the items selected should be representative of the population.
- ◆ The number of items tested must be sufficient to determine whether a deficiency was the result of an isolated incident or a recurring problem. Therefore, testing one transaction, record, or item is not sufficient.
- ◆ The sample size should be expanded if the ~~auditor~~audit firm cannot clearly determine whether the school complies with the legal requirements ~~on that~~of the question.

- ◆ If sufficient evidence has been obtained and documented during the current audit, that evidence may be referenced to answer questions.
- ◆ All “No” and “N/A” answers must be adequately explained in the comments column or in an attachment. Findings must be described in sufficient detail to enable the State Board for Charter Schools to describe the finding in a letter. The description should include the number of items tested and the number of exceptions noted.
- ◆ A “Yes” answer indicates that the ~~auditor~~ audit firm has determined that the school complies with the legal requirements of the question and a “No” answer indicates the school does not comply. However, the final determination of compliance on each question, as well as overall compliance with legal requirements, is made by the State Board for Charter Schools based on the evidence presented in the questionnaire, audit reports, the ~~auditor’s working papers~~ audit documentation, and any other sources.

The resulting audit ~~working papers~~ documentation supporting ~~auditors’~~ the audit firm’s answers to the Legal Compliance Questionnaire must be made available on request for review by the State Board for Charter Schools. To facilitate this review, ~~auditors~~ the audit firm may wish to include in the ~~working papers~~ audit documentation a copy of the ~~Questionnaire~~ questionnaire containing references to audit procedures performed for each question.
