## **INSTRUCTIONS**

**NOTE: This questionnaire should only be used for charters that are subject to the Uniform System of Financial Records for Arizona Charter Schools (USFRCS) (charters that do NOT have an exception). If a charter is subject to procurement requirements pursuant to A.R.S §15-189.02 and 41-2535(A), this questionnaire should be used in conjunction with the Procurement Compliance Questionnaire (see audit guidelines dated ~~May 13, 2013~~ ) which is available on the Arizona State Board for Charter Schools' website <http://asbcs.az.gov>.**

Arizona Revised Statutes (A.R.S.) §15-183(E)(6) and 15-271, and Laws 1999, 1<sup>st</sup> Special Session, Chapter 4, sec.15, require the Office of the Auditor General, the State Board of Education, or the Arizona State Board for Charter Schools to inform any charter failing to establish and maintain the requirements prescribed by the *Uniform System of Financial Records for Arizona Charter Schools* (USFRCS) that it has 90 days to correct the cited deficiencies. To assist the State Board for Charter Schools in determining whether a charter has attained an acceptable degree of compliance with the requirements of the USFRCS, the audit firm must complete this USFRCS Compliance Questionnaire in accordance with both the agreed upon procedures (instructions contained herein) and the attestation standards established by the American Institute of Certified Public Accountants. A copy of the questionnaire completed in accordance with the attestation standards established by the American Institute of Certified Public Accountants must be submitted with the audit reporting package to the State Board for Charter Schools.

The following prescribed minimum agreed upon procedures, as well as those identified throughout the questionnaire, must be used for completing the USFRCS Compliance Questionnaire in accordance with the attestation standards established by the American Institute of Certified Public Accountants. The State Board for Charter Schools may reject questionnaires not meeting these standards.

- ◆ Sufficient, appropriate evidence must be obtained annually for each question to satisfactorily determine whether the charter complies with the USFRCS, and the evidence must be included in the documentation.
- ◆ Evidence may be obtained through test work, observation, examination, and client assertion. However, client assertion alone is not adequate evidence to support “Yes” answers to the questionnaire.
- ◆ Population size should be considered in determining the number of items to test, and the items selected should be representative of the population.
- ◆ The number of items tested must be sufficient to determine whether a deficiency was the result of an isolated incident or a recurring problem. Therefore, testing one transaction, record, or item is not sufficient.
- ◆ The sample size should be expanded if the audit firm cannot clearly determine whether the charter complies with the USFRCS and/or legal requirements on that question.
- ◆ If sufficient evidence has been obtained and documented during the current audit, that evidence may be referenced to answer questions.
- ◆ All “No” and “N/A” answers must be adequately explained in the comments column or in an attachment. Deficiencies must be described in sufficient detail to enable the State Board for Charter Schools to describe the deficiency in a letter. The description should include the number of items tested and the number of exceptions noted. Comments such as “See LOR” are not adequate.
- ◆ A “Yes” answer indicates that the audit firm has determined that the charter complies with the USFRCS and/or legal requirements on that question, and a “No” answer indicates the charter does not comply. However, the final determination of compliance on each question, as well as overall compliance with the USFRCS, is made by the State Board for Charter Schools based on the evidence presented in the questionnaire, audit reports, resulting documentation, and any other sources.

The resulting documentation supporting the audit firm's answers on the questionnaire must be made available on request for review by the State Board for Charter Schools. To facilitate this review, the audit firm may wish to include in the documentation a copy of the questionnaire with references to the procedures performed for each question.

**For Student Attendance Reporting questions 3-15, the audit firm must select and test the specified number of transactions (records, entries, withdrawals, or days) as shown in the sample size instructions before each section. These samples should include 3 or more grade levels and 3 or more campuses, where applicable. The listed sample sizes represent the minimum level of required test work. The audit firm should use its judgment in determining whether a larger sample is needed. All student attendance records tested in questions 3-15 and 18 should be selected from the 100<sup>th</sup> day reporting period.**

**In the parentheses provided in questions 3-15, write the actual number of transactions tested. If all transactions were tested, indicate such in the “Comments” column.**

**For questions 3-5 select at least 3 student attendance records.**

- 3. If the school had an early (pre-)kindergarten program, based upon review of (\_\_\_\_) early (pre-) kindergarten students’ attendance records, did the school only calculate and submit membership/absence information for this program if the program was designed to advance students to the first grade at the end of the of the school year? **A.R.S. §15-901(A)(1)(a)(i) and USFRCS Memorandum No. 33** \_\_\_\_\_
- 4. Based upon review of (\_\_\_\_) students’ attendance records in kindergarten programs, if the instructional time for the year was between 356 and 692 hours, were students not in attendance for at least three-quarters of the day counted as being absent or, if the instructional time for the year was 692 hours or more, were students not in attendance at least one-half of the day counted as being absent? **A.R.S. §§15-901(A)(1)(a)(i) and 15-901(A)(5)(a)(i)** \_\_\_\_\_
