Double Check

Be sure to verify that the charter holder information is correct before beginning this amendment or notification.

Instructions

The Charter Holder Governance Notification Request should be completed if there is a change in officers, directors, members, or partners of the charter holder. If the charter holder and school governing body are the same, please complete this form rather than the School Governing Body Notification Request. If the Charter Holder Governance Notification Request is not the right form for the change you wish to make, please select "Submit Forms" in the light gray bar above to access a different form or click on the "Amendment & Notification FAQs" link in the Help files below for assistance in finding the appropriate form.

Because charter holders and their schools may evolve and mature over the charter contract term, the charter contract may be modified by mutual agreement of the charter holder and the Board through the amendment and notification process. The Board's policy for conducting compliance checks requires Board staff to determine a charter holder's compliance with applicable contractual, statutory, and Board requirements as part of the amendment and notification process. In accordance with the Board's policy, Board staff will review the areas listed below to ensure the charter holder meets the level of compliance as specified. In order for the notification request to be considered by the Board, the charter holder must:

- Be in "good standing" with the Arizona Corporation Commission. This is determined by accessing information available through the Commission's website.

Additionally, please note that while it will not affect the processing of the notification request, Board staff will conduct a compliance check covering all of the areas in the Board's policy and provide this information, in writing, to the new officers, directors, members or partners of the charter holder.

Please work through the form, filling in all required fields and uploads (denoted by " * "). Be sure to save your work, even if you aren't prepared to submit your form, so that you do not lose your data.
