Consent-Based Diploma Verifications Made Easy

How long does it take your district or high school to fulfill diploma verification requests from employers and background screeners? If it takes too long, your graduates may be at a competitive disadvantage for jobs.

Helping your students succeed means providing them with every advantage you can. **DiplomaVerify** is the free and easy way to quickly impact your graduates' lives through online consent-based diploma verifications that help them qualify for jobs faster.

What Is DiplomaVerify?

DiplomaVerify is a free service from the National Student Clearinghouse that lets your district or high school completely automate your diploma verifications. It enables immediate consent-based digital verifications of your high school graduates' diplomas, so your students won't miss out on job offers due to delays beyond their control. Employers and background screening firms, who have student authorization, can securely verify your graduates' diplomas online, 24/7.

Why Use DiplomaVerify?

Happier Graduates

Verifying diplomas quickly can have a major impact on your graduates' lives by making it easier for them to land jobs.

Happier Staff

Automating diploma verifications frees your staff for more important tasks, reducing tedious administrative workload and disruptive calls and emails.

Greater Savings

Putting DiplomaVerify to work for you not only improves office productivity and efficiency, it decreases the expenses associated with diploma verification.

Stronger Reputation

Verifying diplomas quickly improves your school or district's job placement rates and its reputation among local and regional employers for helping its graduates get jobs.

Improved Security

Using DiplomaVerify facilitates your compliance with FERPA and enables you to better protect your students' data via its secure, consent-based online verifications.

No Cost

Schools never pay a fee for DiplomaVerify, and neither do your students or graduates whose diplomas are verified via DiplomaVerify.

National Student
Clearinghouse®

DiplomaVerify Is as Easy as 1, 2, 3!

Your high school or district submits graduate data and refers requests to the Clearinghouse

The Clearinghouse securely stores your data

Employers and background screeners request verifications online and receive immediate confirmations

... and Even Easier Because You Use StudentTracker®

DiplomaVerify, which is only available to StudentTracker for High Schools participants, uses the same data you already report to us for StudentTracker. Participating in both StudentTracker and DiplomaVerify offers an optimal way for you to get the greatest benefit out of your student data, for both you and your students.

Why Work with the Clearinghouse?

As the authorized agent for over 3,600 institutions nationwide, **the Clearinghouse performs more than 20 million postsecondary verifications annually.** The verifications we provide make it easier for students and graduates to obtain jobs while saving participating institutions significant amounts of time and money. And, as education's trusted nonprofit partner, we have maintained the confidentiality and privacy of the student records in our care since we began in 1993.
