

**POLICY STATEMENT**  
**BOARD NOTIFICATION OF SIX MONTHS OF NON-COMPLIANCE**

The Board directs ASBCS staff to bring individual schools that have had state aid withheld for non-compliance for six months to the Board for consideration of an issuance of a Notice of Intent to Revoke the charter.

For schools having state aid withheld for failure to timely submit their annual audit reporting package, the Board directs ASBCS staff to bring the individual schools to the Board after two months of withholding for consideration of an issuance of a Notice of Intent to Revoke the charter. If a school that was placed on a Board meeting agenda after two months of withholding fails to timely submit its annual audit reporting package for the subsequent audit cycle, the Board directs staff to place this school on the Board's next meeting agenda after the audit submission deadline for consideration of issuance of a notice of intent to revoke the charter contract and/or withholding of state aid.
