RE: Program of Instruction Amendment Request-Extended School Day

Dear Board Members of the ASBCS:

Academy Del Sol is pleased to present this program of instruction amendment request for your review, as it proposes to lengthen it's already extended school day to provide for more exposure to academia.

Academy Del Sol is seeking to amend their program instruction to add an additional 15 minutes of instruction to their current school schedule that runs from 7:55 a.m. to 3:00 p.m. With an additional 15 minutes, the school day would conclude at 3:15 p.m. opposed to 3:00 p.m.

This amendment request meets the ASBCS' adequate level of academic performance for student achievement by making more time for instruction. The current school day doesn't provide for enough academic time due to the fact Academy Del Sol is a fine arts school that devotes 60 minutes daily to art. As a result, more time is needed to devote to science, social studies, and practical life curriculum.

We appreciate your time in reviewing our school's plans for our upcoming and subsequent school years. Thank you for your consideration of our amendment request.

Sincerely,

Sara Riegert

Agenda Item G: Consent Agenda

N/A

Agenda Item H: Action Item

The board discussed the importance of adding an additional 15 minutes onto Academy Del Sol's already extended school day. This would allow for additional teaching time for Science, Social Studies, and Practical life, and would allow the students to continue receiving 60 minutes of Art during the school day. The board discussed any disadvantages, or perhaps hardships that this might cause families.

The board then discussed testing students for grade level placement for grades 7 and above. Students entering ADS from other schools would have to take a placement test in order to ensure that they are up to taking on the rigorous academic demands of the school and to ensure their success at ADS. The board discussed how the students who are continuing with ADS would already show proficiency in 2 of the 3 core content areas (reading, writing, math), or they would have been placed in 6th grade. ADS will not test K-5 students, but would continue to support students who are struggling with remedial programs and support.

MOTION

Joe Riegert made the motion to apply for the amendment to add 15 minutes to the instructional day. Dan Jitaru seconded the motion.
