

Arizona State Board for Charter Schools Accessing the Annual Audits through ASBCS Online

A.R.S. §15-914 requires charter schools to have an annual financial and compliance audit conducted by an independent certified public accountant. Typically, the annual audit is conducted of the charter holder, which is the entity that has entered into a charter contract with the Arizona State Board for Charter Schools (“Board”) to operate one or more charter schools.

Through ASBCS Online, the Board has provided the public with online access to audits of Board-sponsored charter schools for fiscal years 2012 and later. This document walks the reader through how to access the annual audits through ASBCS Online.
