

The Dropout Recovery Program Amendment request on the ASBCS website has been removed. Revised instructions for a dropout recovery program are provided below.

If the Charter Holder intends to start or is operating a dropout recovery program, the Charter Holder will be required to submit a Program of Instruction Amendment Request (P of I) describing the dropout recovery program that includes all the required components of the P of I. If the Charter Holder does not have a mission that indicates that its purpose is to serve a specific student population that will benefit from an alternative school setting, the Charter Holder must also submit a Charter Mission Amendment Request.
