

**AGENDA ITEM:** Compliance Matters – International Charter School of Arizona, Inc.

**Issue**

In accordance with the Board’s [Policy Statement on Board Notification of Six Months of Non-compliance](#), staff is to bring charter holders having state equalization assistance withheld for failure to timely submit their annual financial statement and compliance audit to the Board for consideration of an issuance of a Notice of Intent to Revoke the charter after two months of withholding. Pursuant to this policy, International Charter School of Arizona, Inc. has been placed on the agenda for the Board’s consideration for the charter holder’s failure to submit its fiscal year 2013 audit reporting package. In preparation for the January meeting, Board staff completed a compliance check for International Charter School. No issues of operational noncompliance were identified.

**Annual Financial Statement and Compliance Audit Submission**

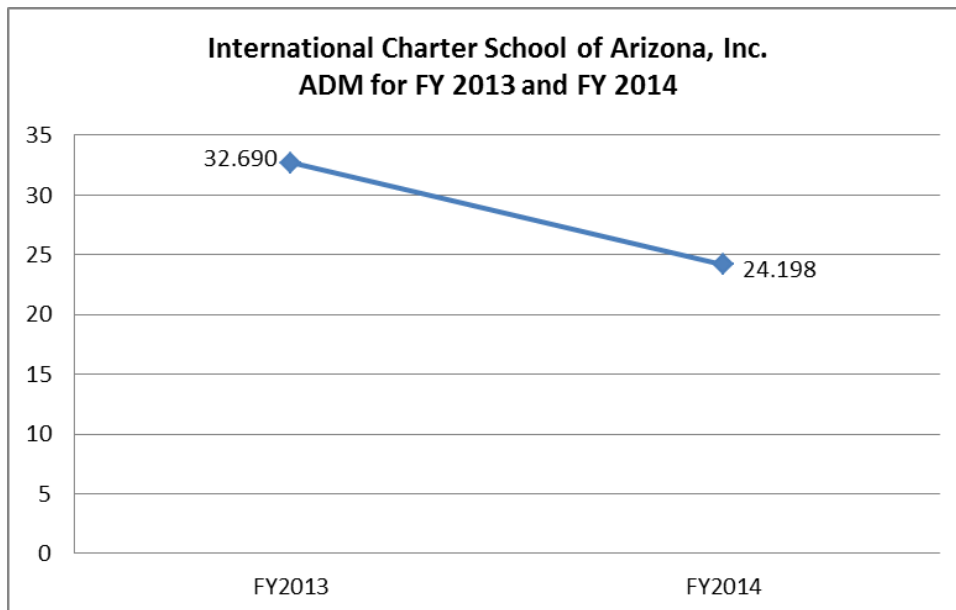

On November 21, 2013, the Board approved withholding 10 percent of International Charter School’s monthly state aid apportionment for failure to submit its fiscal year 2013 audit reporting package. On November 22<sup>nd</sup>, a letter describing the Board’s action was emailed to International Charter School. The November 22<sup>nd</sup> letter also included the following: “Please note that per Board policy staff will bring charter holders having state aid withheld for failure to timely submit their audits to the Board after two months of withholding for consideration of a Notice of Intent to Revoke the Charter.”

International Charter School’s first audit is the fiscal year 2013 audit.

On December 16, 2013, Board staff sent an email to the charter representative and audit firm requesting an update on the audit’s status. The email also stated, “Charter holders that have not submitted complete fiscal year 2013 audit reporting packages by end of day on January 2<sup>nd</sup> will be placed on the January agenda for further consideration by the Board.” On December 19, 2013, the audit firm emailed Board staff and asked whether the charter holder has exceptions to the USFRCS and procurement rules. Board staff responded the same day and indicated that the charter holder does not have the exceptions.

## Board Options

Option 1: The Board may decide to take no further action at this time and direct staff to bring this matter back to the Board at its February 2014 meeting for further consideration should International Charter School of Arizona, Inc. still not have submitted its fiscal year 2013 audit.<sup>1</sup>

<sup>1</sup> Under this option, the current 10 percent withholding would continue until the fiscal year 2013 audit is submitted.

Option 2: The Board may vote to issue a Notice of Intent to Revoke the charter holder's charter contract. Staff recommends the following language: The information contained in the audit is one of the primary means the Board has to meet its statutory oversight and administrative responsibilities for the schools it sponsors. Although this is a matter that could be quickly corrected, it represents a material breach of the charter contract. Therefore, I move to issue a Notice of Intent to Revoke the charter contract of International Charter School of Arizona, Inc. for failing to timely submit the fiscal year 2013 audit reporting package as required by A.R.S. §15-183(E)(6), A.R.S. §15-914 and the charter contract.

- Within 48 hours of receipt of the Notice the charter operator shall notify staff and parents/guardians of registered students of the Notice of Hearing on Intent to Revoke Charter and provide a school location where the copy may be reviewed;
- Within 20 days of receipt of the Notice the charter operator shall provide copies of all correspondence and communications used to comply with the preceding provision; and
- Within 20 days of receipt of the Notice the charter operator shall provide the Board with the names and mailing addresses of parents/guardians of all students registered with the school.
