Application Overview

Introduction

Charter schools were established to provide a learning environment that will improve pupil achievement and provide additional academic choices for parents and pupils (A.R.S. §15-181).

Following the procedures set forth in Arizona Administrative Code ("Rule"), the Arizona State Board for Charter Schools ("Board") approves an application for each cycle or school year. The 2012-2013 application was approved on xxxxx xx, 2011. The final deadline for submission of the application package is **July 1, 2011 at 5:00 p.m. for the paper copy of the application package and 11:59 p.m. for the electronic copy of the application package.** There are no extensions or exceptions to the deadline.

A copy of the Rules relating to the Board's application process is on file with the Arizona Secretary of State and can be accessed through http://www.azsos.gov/public_services/Title_07/7-05.htm.

Complete application packages will be submitted in electronic and paper form. Electronic application packages will be submitted through the Board's web-based application process. Types of documents acceptable are: doc, docx, xls, xlsx, and pdf. In addition to the electronic submission, which must be submitted by 11:59 p.m. on the deadline date, a paper original must be submitted to the Board's office by 5:00 p.m. on the deadline date.

Electronic submission of new charter application packages will be submitted online through an application wizard on the ASBCS Online database located at <http://online.asbcs.az.gov>. Please note that each section of the application will require uploading at least one individual document. Because portions of the application package will be uploaded separately when using the wizard, applicants should review all portions of the application prior to preparing it for submission. Once the application package is complete and ready for submission, the authorized representative will digitally sign the application package by typing in his/her password and clicking "Sign Form". The application wizard will indicate that the signature was accepted and the date it was signed. The applicant will then submit the application package to the ASBCS. Once submitted, the representative will receive notification indicating submission status as well as a link to a copy of the submitted application package. The representative has the option of withdrawing the application package at any time.

Paper application packages must be submitted to:

Arizona State Board for Charter Schools
1700 W Washington St., Room 164
Phoenix, AZ 85007

Application Process

1. Prospective Applicant Online Technical Assistance – is available on the Board's website at www.asbcs.az.gov under Applicant Resources.
2. Submission – Application packages will be accepted until the deadline of **July 1, 2011 at 5:00 p.m.** for the paper original and 11:59 p.m. for the electronic submission.
3. Administrative Completeness – Determination of whether the preliminary application package contains all components required. Applicants will receive written notification of the deficiencies not more than 25 days after the submission of the application package.

The applicant, upon receiving notice of an incomplete application package, may submit a new application package, as long as the deadline has not passed.

4. Substantive Completeness – Upon determination that an application package is administratively complete, the Technical Review Panel will score the application package using the evaluation criteria and staff will complete the Background, Fingerprint, and Credit Check as part of the substantive review. Changes to the applicant or its principals will not be accepted after the application package has been deemed administratively complete. A substantively complete application meets the following:
 - ✓ No evaluation area receives a Falls Below the Expectation; and
 - ✓ No more than one evaluation area in each section is scored as Approaching; and
 - ✓ 95% of all evaluated sections score at the Meets or Exceeds level; and
 - ✓ All necessary information for completing a Background, Fingerprint, and Credit Check report.

5. Board Consideration

- Consideration of a Substantively Complete Preliminary Application Package – A substantively complete application package is eligible to be forwarded to the Board for consideration. In addition to a copy of the application package, Board members will also be provided with the evaluations and comments from the Technical Review Panel, information regarding the results of the applicant's background, fingerprint, and credit checks, and an application package overview prepared by Board staff.

Applicants will be notified of the date of the Board's consideration and how to access the information provided to the Board. Applicants should be in attendance to answer questions from the Board. No new documentation to the application package will be accepted from the applicant at the Board meeting.

The Board bases its determination to accept or reject the application package and grant or deny the charter based on (1) the quality of the application package and (2) a sufficiently qualified applicant.

- Consideration of a Substantively Complete Revised Application Package – Each applicant whose application package fails to meet the scoring requirements in number four (4) above will receive written notification of the deficiencies including a copy of the evaluation and comments from the Technical Review Panel. If the applicant chooses to continue in the application process, the applicant may use the information provided in the evaluation and comments as technical assistance to improve the application package and resubmit within 20 days for review by Board staff. The revised application package submission must include the electronic submission and a paper original submitted to the Board's office.

Revisions to the application package do not include revisions to the applicant. The Background Information Sheet and the Affidavit, Disclosure, and Consent for Background and Credit Check should not be included unless specifically requested to provide new documents.

A substantively complete revised application package is eligible to be forwarded to the Board for consideration in the same manner described above. Board members will also be provided with the evaluation and comments of the Technical Review Panel, evaluation and comments from the review of the revised application package, information regarding the

results of the applicant's background, fingerprint, and credit check, and an application package overview prepared by Board staff.

Instructions and Evaluation

The specific instructions and evaluation criteria for each component of the application are included and detailed within the section listed in the Table of Contents. In addition to being scored for content, the submission will also be evaluated for readability. Special instructions for the completion of the Attachments are provided within each attachment.

An administratively complete application must:

- Contain complete information for each application component,
- Be presented on typed, consecutively numbered pages within each section,
- Follow formatting requirements,
- Adhere to the page limitation, if identified, in each section.

Failure to follow the criteria above will result in the application package being deemed Administratively Incomplete.

Education Plan

A.6 Performance Management Plan

New charter applicants must submit a Performance Management Plan (PMP) as a part of the Education Plan section of the application. The Performance Management Plan for new applicants is for the purpose of ensuring the school's curriculum, instruction, monitoring of student achievement and professional development are in place and appropriate for providing a quality education for each student it serves. It is also intended to focus the school on meeting the Board's level of adequate academic performance.

If the application package is approved by the Board and the applicant is awarded a charter, the application package, including the Performance Management Plans, become a part of the contract. The charter holder is then responsible for meeting the targets for performance as set in the PMPs. Failure to meet the targets may be considered a violation of the terms of the contract.

Each Performance Management Plan will be prepared using the template provided with the application and will include the following:

- the academic area (*indicator*) to be addressed,
- length of the plan (*duration of the plan*),
- instrument that will be used to measure progress in the indicator (*measure*),
- reasonable and appropriate ways (generally numeric) to measure or quantify the identified improvement area, also known as the indicator (*metric*),
- predicted academic performance level of target population (*predicted baseline*),
- rigorous and realistic annual benchmark targets for student proficiency that align with the end target for each plan (*targets*). Targets are not excessive for where the school's predicted baseline is nor should they be to minimal for the degree of improvement necessary,
- the Board's level of adequate academic performance (*end target for the plan*),
- strategies for meeting targets, including action steps, timeline, responsible party, evidence of meeting action steps, and budget. The prescribed strategies for each indicator are:
 - Providing and implementing a curriculum that improves student achievement (Strategy I),
 - Developing and implementing a plan for monitoring the integration of the Common Core State Standards into instruction (Strategy II),
 - Developing and implementing a plan for monitoring and documenting student proficiency (Strategy III), and
 - Developing and implementing a professional development plan that supports effective implementation of the curriculum (Strategy IV).

Required Exhibit

- Submission of a Performance Management Plan for reading and for mathematics developed using the Performance Management Plan Template. Submit the two documents as PMP Math and PMP Reading.

Performance Management Plan Instructions

The applicant will prepare and submit 1) a school-wide performance management plan for reading and 2) a school-wide performance management plan for mathematics using the Performance Management Plan Template. The plans should focus on academic priorities that the school chooses to address during the initial two years of operation. The applicant is responsible for identifying the indicator, predicted baseline, annual benchmark targets for the first two years of operation, action steps, timeline, responsible party, evidence of meeting action steps, and budget on the required template for both reading and mathematics.

Establishing **Predicted Baseline** Measurements in Performance Management Plans

As a way of determining the Predicted Baseline measure, consider how well the target population is performing in similar or comparison schools. In setting Year 1 and Year 2 Annual Benchmark Targets, based upon the predicted baseline, consider how much the implemented program of instruction at the school will improve student achievement each year. Finally, the Year 1 and Year 2 Annual Benchmark Targets must show progression to meet or demonstrate sufficient progress toward the level of adequate academic performance as set and modified periodically by the Board (End Target for the Plan).

Evaluation Criteria

A response that meets the standard will:

- Align with the applicant's Education Plan.
- Present a viable plan for managing student academic performance in reading (indicator) and presents a second viable plan for managing student academic performance in mathematics (indicator) that includes, for each plan, a predicted baseline and annual benchmark targets for the first two years of operation which reflect incremental progress toward the end target.
- Identify action steps, timeline, responsible party, evidence of meeting action steps, and budget for accomplishing all four prescribed strategies in each plan.
- Reveal a progression of actions from start to finish for each strategy that are sequential, timely, and contribute to the school's ability to meet the identified end target.
- Create action steps that complement and support the other strategies to the extent appropriate.
- Include artifacts that provide evidence of the implementation of each action step.
- Provide adequate resources, i.e. time, money personnel, etc. to implement the action steps that support the strategies.
- Reflect costs from the Performance Management Plan in the Start-Up and Three-Year Operational Budget.
