Introduction

The mission statement of the Arizona State Board for Charter Schools (“Board”, “ASBCS”) is: *“To improve public education in Arizona by sponsoring charter schools that provide quality educational choices.”*

Pursuant to Arizona Revised Statute (“A.R.S.”) § 15-181, charter schools were established to provide a learning environment that will improve pupil achievement and provide additional academic choices for parents and pupils.

The Board follows the procedures set forth in A.R.S. §§ 15-183 and 15-183.01, and Arizona Administrative Code (“Rule”, “A.A.C.”) regarding the annual Application for a New Charter cycle. A copy of the statutes relating to the Board’s application process may be found at <http://www.azleg.gov/arsDetail/?title=15>. A copy of the Rules relating to the Board’s application process is on file with the Arizona Secretary of State and can be accessed through the Arizona Secretary of State’s website at

The Board approved the 2023-2024 application on February 14, 2022. The final deadline for submission of the application package is **June 1, 2022 at 12:00 p.m.** There are no extensions or exceptions to the deadline.

Complete application packages will be accepted in electronic form only, unless the application is completed through the alternative submission process. Electronic submission of new charter application packages must be submitted online through the Board’s Google Drive. Access to the drive is granted to applicants after submission of the required letter of intent.

An Overview of the Application Process

Instructions and Evaluation

The instructions, narrative prompts, and evaluation criteria for each component of the application are included and detailed within each section listed in the Table of Contents. In addition to being scored for content, the application package will also be evaluated for readability. Instructions for the completion of the forms are provided within each template.

Submission

There are two options for submitting an application package:

1. Application packages submitted electronically through a Google Drive will be accepted until the deadline of **Wednesday, June 1, 2022 at 12:00 p.m.** For details, refer to the **Online Submission Process**.
2. As an alternative to an application submission using the Online Submission Process, an Applicant may submit the application package in the form of electronic files on a flash drive, using the **Alternative Submission Process**. Under this submission, application packages will be accepted by 12:00 p.m. on the deadline of **Wednesday, May 11, 2022**. For details, refer to the Alternative Submission Process.

Application Processing Fee

An application processing fee (“Fee”) is required to complete the submission of a new charter application package. The Fee of \$6,500, in the form of a single personal check or cashier’s check (“Check”) made payable to *Arizona State Board for Charter Schools*, with the name of the Applicant printed on the front, must be received via U.S. mail (to the mailing address: ASBCS, P.O. Box 18328, Phoenix, AZ 85005), FedEx/UPS (to the physical address: 1616 W. Adams St. Suite 170, Phoenix, AZ, 85007) or hand delivery to the Board office **during regular office hours** on or before the submission deadline of Wednesday, June 1, 2022 for the Online Submission Process or Wednesday, May 11, 2022 for the Alternative Submission Process.

Failure to timely submit the Fee will result in the application package being deemed administratively incomplete. All payments must be accompanied by the *New Charter Application Fee* form. All Checks shall be deposited within five days of submission.

- If an Applicant's Fee payment to the Board is dishonored for any reason including an insufficient funds check:
 - The application package shall be deemed administratively incomplete, and
 - The Applicant shall use a cashier's check to pay the application processing fee for any application package submitted to the Board by the Applicant at any later date.
- If an application package is found to be administratively incomplete, and the Applicant paid the Fee, the Fee shall be refunded to the Applicant. The refund of the Fee shall be mailed by U.S. Postal Service regular mail to the authorized representative at the address provided in the application package.
- If an application package is found to be administratively complete, the Fee shall become non-refundable.

Administrative Completeness

Board staff confirms whether the application package contains all components required by statute, Rule, and the application instructions, and that the Fee has been timely received. An administratively complete application package must follow formatting requirements, adhere to any identified page limitation in each section, and contain the following:

1. Complete information for each application component, ensuring the information is consistent with the contents of the application package. This includes:
 - Application Agreement,
 - Applicant Information Form
 - Target Population Form;
2. All narrative sections, required exhibits, and forms;
3. All necessary information for completing a Background, Fingerprint, and Credit Check report for each Authorized Representative and **Principal** (see Terms to Know) to include:
 - Authorized Representative and/or Charter Principal Information Form:
 - **Fingerprint Clearance Card:** A copy of *both sides* of a valid FCC, issued by the Arizona Department of Public Safety..
 - **Affidavit:** The Affidavit, Disclosure, and Consent for Background and Credit Check form must be completely and accurately filled out, signed, and notarized.

- **Background Information Sheet:** The Background Information Sheet must be completely and accurately filled out.
 - **Resume:** A current resume (2-page maximum) is required.
 - **Verification of Coursework/Degree:** If a postsecondary degree is noted on the Background Information Sheet and Resume, the Applicant must provide scanned copies of transcripts from the granting institution, or an official, watermarked, report from the National Student Clearinghouse® (<http://www.studentclearinghouse.org>). These documents must be uploaded with the application package. Copies of diplomas do not meet this requirement.
4. Confirmed availability of start-up funds as listed in the application package and the completed Verifiable Proof of Secured Funds (“VPSF”) form;
 5. Instructional Analysis documents submitted on the approved template, identifying the Required Standard, and following the criteria for administrative completeness found in section A.6 Instructional Analysis.
 6. Required documents completely filled out, and submitted on the form or template approved for the current application cycle.

By March 31 of each year, the Board approves and makes available online at its web site an application for a new charter for a specified fiscal year. On February 14, 2022, the Board approved the application for a new charter for the 2023-2024 application cycle, which includes templates and forms designated by the Board. Templates and forms must not be altered from the approved content, format, and sequence. An application package submitted for a new charter is not administratively complete if it contains modifications to the content, format, or sequence of the templates or forms or if it contains templates or forms that were approved for use in a prior fiscal year.

Additionally, Board staff will confirm that the information about the Applicant, as listed in the submitted application package is consistent with information on file with the Arizona Corporation Commission (“ACC”). This includes:

1. The Applicant being in Good Standing with the ACC;
2. The Applicant name, as listed in the submitted application package being in exact alignment with the corporation name on file with the ACC; and
3. The charter principals listed in the application package being in exact alignment with the Officers, Directors, Members, and/or Partners on file with the ACC.

Failure to meet the criteria above will result in the application package being deemed administratively incomplete. The application package will be evaluated based on the information that is included when it is submitted. Applicants will receive written notification of the deficiencies not more than 25 business days after the submission date of the application package and Fee. If the application is deemed administratively incomplete, the Applicant’s file will be closed.

An Applicant who submits an application package by April 25, 2022 (the “Soft Deadline”) will receive notification of the application package’s administrative completeness status prior to the deadline date. If the application package is deemed administratively incomplete, this gives the Applicant an

opportunity to correct deficiencies identified in the initial administrative completeness check and resubmit an application package by the deadline of Wednesday, June 1, 2022.

The Applicant is not able to revise a submitted application package that is deemed administratively incomplete. However, upon receiving notice of an incomplete application package, the Applicant may submit a new application package, as long as the submission deadline of **June 1, 2022 at 12:00 p.m.** has not passed.

Pursuant to Rule, an Applicant who believes that its application package was erroneously designated as administratively incomplete may submit a written request for reconsideration to the Board within 10 days of the date of notice.

Substantive Completeness

Upon determination that an application package is administratively complete, the Technical Review Panel (“TRP”) will score the application package using the evaluation criteria.

A substantively complete application package meets the following scoring requirements:

- ✓ No evaluation area receives a score of Falls Below the Criteria; and
- ✓ No more than one evaluation area in each section is scored as Approaches the Criteria; and
- ✓ 95% of the evaluation areas in each Plan (Educational Plan, Operational Plan, and Business Plan) score at the “Meets” level.

Substantively Incomplete Initial Application Package

Each Applicant whose application package fails to meet the scoring requirements will receive written notification of the deficiencies, including a copy of the scoring rubric completed by the TRP. An Applicant with a substantively incomplete initial application package has three options for continuing in the application process:

- The Applicant may use the information provided in the scoring rubric as technical assistance to improve the application package, and resubmit within 20 days of notification for a second review by TRP members, or
- Within 20 days of notification, the Applicant may submit a written request that the application package be considered by the Board without revision, or
- Within 20 days of notification, the Applicant may submit a written request that the application package be withdrawn.

If a revised application package or letter has not been submitted within 20 days of notification, the Applicant’s file will be closed.

Substantively Incomplete Revised Application Package

Each Applicant whose revised application package fails to meet the scoring requirements will receive written notification of the Board’s intent to close the file. This notification will include the scoring rubric completed by the TRP. To continue in the application process, within 20 days of this notification, the Applicant must submit a written request for the substantively incomplete revised application package to be considered by the Board, or the Applicant’s file will be closed.

Background Check, VPSF, and Due Diligence Process

Staff will complete the Background, Fingerprint, and Credit Check, verify funds, and conduct a due diligence process as part of the substantive review. Board staff will conduct a background and credit check of each principal and authorized representative of the Applicant, confirm each possesses a current, valid FCC, and confirm availability of start-up funds.

Additionally, staff will conduct a due diligence process relating to current or former charter operations of the Applicant, any principal or authorized representative of the Applicant, or an Education Service Provider. The due diligence will include cross referencing information provided about authorized representatives and charter principals in the application package, including confirming that information contained in all materials is consistent, and is consistent with information obtained during the background and credit check. If issues arise from the information obtained during the background and credit checks or due diligence of any principal or authorized representative, Board staff shall, in writing, notify the pertinent person of the issues and he/she will have the opportunity to present a written response clarifying the information. Information obtained and communications conducted during this process shall be considered by the Board in making its decision on whether to grant or deny a charter.

In-Person Interview

Upon determination that an application package is substantively complete, or upon receipt of a written request for a substantively incomplete application package to be considered by the Board, members of the Applicant team shall make themselves available for an in-person interview with the TRP to:

- ✓ Demonstrate a thorough understanding of the Educational Plan, Operational Plan, and Business Plan presented in the written application package, and
- ✓ Demonstrate the capacity to implement a plan to operate a high-quality charter school, and
- ✓ Address any issues that arise during the due diligence process relating to current or former charter operations of the Applicant, any Officer, Director, Member, or Partner, or an Education Service Provider.

An Applicant's failure or refusal to attend the interview will result in the Board's denial of the application package.

Board Consideration

A substantively complete application package, or a substantively incomplete application package with timely submission of a written request for consideration, is eligible to be forwarded to the Board for consideration. Board members will be provided with:

- The application package;
- A link to the audio and/or video recording of the capacity interview;
- The scoring rubric completed by the TRP;
- The TRP Recommendation Report; and
- An executive summary prepared by Board staff including:
 - A summary of the information included in the application package;
 - The TRP's final recommendation;
 - The scoring information for the application package, as determined by the TRP;
 - Staff's summary of information regarding the academic, operational, and financial performance of any charter authorized by the Board and operated by an Applicant, any principal of the Applicant, or an Education Service Provider working with the Applicant;
 - Information regarding the results of the Applicant representative and principals' background, fingerprint, and credit checks (if applicable); and
 - Information regarding the due diligence check of current or former charter operations of the Applicant, members of the Applicant team, or the Applicant's chosen ESP.

Applicants will be notified of the date of the Board's consideration and how to access the information provided to the Board. Authorized Representatives and Principals of the Applicant will be provided an opportunity to address the Board, and should be in attendance to answer questions from the Board. No new documents from the Applicant may be added to the application package or distributed to the Board at the Board meeting.

The Board will follow the requirements of statute and Rule in determining whether to approve the application package and grant the charter.

A.5 Academic Systems Plan

Overview

New charter applicants must submit an Academic Systems Plan (“ASP”) as a part of the Educational Plan section of the application package. The purpose of the ASP is to ensure the school’s essential systems are in place and appropriate for providing a quality education for each student it serves through the creation of a comprehensive, sufficiently detailed, and implementable plan in the Areas of Curriculum, Assessment, Monitoring Instruction, and Professional Development.

If the application package is approved by the Board and the Applicant is awarded a charter, the application package, including the ASP, become a part of the charter contract, and is used for accountability purposes.

Section A.5 (the ASP) is worth a total of 20 points.

Applicant Instructions

The Applicant will prepare and submit a plan using the template approved for use in the current application cycle. Only one completed ASP is required. The following components constitute an ASP:

Components for Math and Reading Data	Descriptions for Math and Reading Data
Baseline	Identify the current academic performance level of the target population in Percent Proficient in Math and in Reading.
Establishing Predicted Target	To determine the predicted measure, gather data regarding academic performance of the target population in similar or comparison schools.
Narrative for setting baseline figures	Describe data and assumptions used in determining the baseline levels for Percent Proficient in Math and in Reading. For example, listing the schools from which the proposed school expects to draw its population, citing their scores, and describing how the calculations were set up.
Components for each Action Step	Description of each Component
Action Steps	Identify specific actions or tasks that contribute to each system for each Area.
Person(s) Responsible	Identify the title/role/position of the individual(s) that are responsible for completing each action step.
Frequency and/or Timing	Provide the frequency (i.e. weekly, monthly) and/or timing (i.e. two days after benchmarking, within 48 hours of completing a classroom observation) for the completion of each action step.
Evidence of Implementation	List documentation that will serve as evidence of the completion of all components of the action step.
Process for Implementing Action Step	Describe the fundamental elements for each action step including any information that is collected, reviewed, or created. Include criteria used for making decisions and any external technical guidance support that is utilized for the completion of the action. Essential details will answer all what, where, and how questions required for implementation of each action step as described in the evaluation criteria.

Instructions for Completing an ASP

1. Review the evaluation criteria below, starting with criteria a and b in determining baseline figures, followed by c through f regarding the elements for each Area, then criteria g through j addressing elements of the action steps, in order to understand the criteria by which the ASP will be evaluated.
2. Download a copy of the ASP Template from the New Application links on the Board's website and complete it according to the steps outlined below.
3. Use available academic performance data to determine the baseline performance levels of the incoming students from the target population and list them in the Baseline and Predicted Target section for Math and Reading.
4. Provide a description of the basis for setting predicted baseline figures in the Narrative section.

Steps 6–11 should be completed separately for each Area of the ASP.

5. Outline the process(es) that will be implemented by the Applicant for each component of each Area (e.g., the process for adopting curriculum), including elements that address subgroup populations (Free and Reduced Lunch, English Language Learners, students with disabilities, and students in the bottom 25%).
6. Break the processes into discreet, sequential action steps and identify the fundamental elements for each action step which answer the questions of what, where, and how.
7. Identify the frequency and/or timing, person(s) responsible, and documents that will be generated through the process(es) that will serve as evidence of implementation.
8. Present the action steps on the ASP Template in the appropriate column, followed by the person(s) responsible, frequency and/or timing, evidence of implementation, and a clear and comprehensive process for implementing each action step.
9. Once complete, review the ASP against the evaluation criteria to ensure that all elements have been adequately addressed. Thorough and sufficiently detailed responses will describe processes that respond to and address each of the Area components through clearly described action steps, process for implementing each action step, person(s) responsible, frequency and/or timing, and documentation to serve as evidence for each action step.

Criteria for Administrative Completeness – An administratively complete instructional analysis includes the following:

<input type="checkbox"/>	The Instructional Analysis Template approved for this current application cycle must be used.
<input type="checkbox"/>	Fonts must be no less than 10-point .
<input type="checkbox"/>	Grade Level Span <ul style="list-style-type: none"> • The instructional analysis identifies the correct grade level span and content area based on the grades served as identified on the Target Population Form.
<input type="checkbox"/>	Learning Targets
<input type="checkbox"/>	Prior Knowledge
<input type="checkbox"/>	Instructional Plan
<input type="checkbox"/>	Instruction
<input type="checkbox"/>	Formative Assessment
<input type="checkbox"/>	Summative Assessment

Evaluation Criteria – An instructional analysis document that meets the standard will:

Criteria Item	Evaluation Criteria
Learning Targets (.5 points)	Identify the objectives students must know that align with the Required Standard and can be assessed to demonstrate mastery of the Required Standard.
Prior Knowledge (.5 points)	List the knowledge/skills that are required prior to meeting learning targets. Describe how prior knowledge will be used to introduce the learning targets.
Instructional Plan (1 point)	Describe the process for presenting new information, necessary for students to meet the learning targets. Describe the instructional strategies used to lead students to meet each of the learning targets identified.
Instruction (1 point)	Describe the activity/tasks students will complete to meet the learning targets. Identify components of the program of instruction and educational philosophy that are incorporated into instruction.
Formative Assessment (1 point)	List criteria for determining whether students have met each of the learning targets.
Summative Assessment (1 point)	Describe how students will demonstrate mastery of the Required Standard. Describe the criteria used to determine whether a student has mastered the Required Standard.

Scoring for section A.6:

Section A.6 will comprise 10 total points within the Educational Plan.

To determine the number of points an applicant receives for this section, the following scoring will be used:

Each instructional analysis document will be scored as indicated as above, for a total of 5 points per instructional analysis document. Once each individual instructional analysis document has been assigned its point value, a total score will be assigned for all instructional analysis documents together. Then, a percentage of the possible points will be calculated. The percentage will determine the number of points (out of 10) that an applicant will receive for this section.

For example, if an applicant is applying to serve grades K-5, it will submit 7 instructional analysis documents worth a total of 35 points. If the document scores, when added together, total 30 points, the applicant’s percentage will be 85.7%. Therefore, the applicant would receive 8.57 out of 10 points for this component of the Educational Plan.

Required Standards:

The standards listed below are provided in the Instructional Analysis Templates to be completed by the Applicant. Instructional Analysis must be completed based on the grade levels identified on the Target Population Form.
