New Grade Levels

For each grade level being added, provide the following as a representation of a program of instruction aligned to the State's approved academic standards and to methods of instruction described in the charter. Please note that a separate upload must be prepared for each grade level and content area and be named as such. Additionally, applicants must restate the name of the file in the Brief Description box (e.g., First Grade Reading, HS Algebra II).

For K-8

Language Arts & Math: A completed curriculum sample for reading, writing, and math for each grade level being added including all attachments as outlined on the required template and instructions.

For 9-12

Language Arts & Math: A completed curriculum sample for reading, writing, and math coursework for each grade level being added including all attachments as outlined on the [required template and instructions](#). Each course must align with the State's graduation requirements.

NOSOTROS ACADEMY BOARD MEETING MINUTES

- DATE:** Wednesday, June 25, 2014
- LOCATION:** Nosotros Academy
440 N Grande Ave
Tucson, Arizona 85745
Multi-Purpose Rm., Bldg #1
- MEMBERS PRESENT:** Ruben Suarez, Chair
Gene Benton
Luis Kamei
- MEMBERS ABSENT:** Margaret Romero
Rudy Gallego, Secretary/Treasurer
- STAFF PRESENT:** Paul M. Felix, Principal/ CEO
Ron Kovar, CPA
Yazmin Perez, Administrative Assistant
- CALL TO ORDER:** R. Suarez at 3:10PM
- CALL TO AUDIENCE:** NONE
- MINUTES:** **Approval of June 11, 2014 minutes as printed**
- Motion: Ruben Suarez
 - Second: Gene Benton
 - Passed 3-0

ACTION ITEMS:

A. Approval of the proposed budget for FY 2015-presented by Ron Kovar.

Mr. Kovar briefly discussed the 2015 budget proposal and explained that no changes were made from his June 11th budget worksheets and notes. Catering food for the lunch program might be a great option. No decision has been made on a vendor or to keep it in-house.

- **Motion: G. Benton**
- **Second: R. Suarez**
- **Passed 3-0**

B. K-2 Amendment Update- Extensive discussion.

The preliminary report is that the amendment will not be approved and Mr. Felix recommends withdrawing the request for 2014-2015. Mr. Felix suggests keeping the K-2 pilot this upcoming school year 2014-2015. Mr. Felix also suggests delaying capital expenditures to limit losses. Mr. Kamei agrees we should keep K-2 as a pilot program and reapply for 2015-2016.

Motion to continue K-2 pilot on a private tuition basis and to reapply for 2015-2016.

- **Motion: R. Suarez**
- **Second G. Benton**
- **Passed: 3-0**

**C. Nominations for the Nosotros Academy
Board of Governors- Suarez**

Mr. Suarez recommends expanding board to seven members. He suggests that the CEO/ principal be a nominee plus one other staff member. Ms.

Romero agrees with the expansion of the board.

Via phone call Ms. Romero nominated Lupe Romero as one of the board members. Via phone

call Mr. Gallego agrees with the expansion but would like the matter tabled to next meeting. Mr.

Gallego would nominate Mr. Felix and Mrs.

Romero as board members. Mr. Benton suggests

that a parent serve on the board. Mr. Felix will

approach Ms. Romero to see if she has an interest in being the second nominee.

Motion to table until next meeting:

- **Motion: L. Kamei**
- **Second: G. Benton**
- **Passed: 3-0**

NEW BUSINESS:

NONE

OLD BUSINESS:

UA SIP Institute

SIP representative Dave Singer will lead a Covey Leadership Training July 25th, board members are invited. Mr. Felix informs board that he will explore consulting services from West Ed.

EXECUTIVE SESSION:

NONE

ADJOURNMENT:

R. Suarez - 4:40pm

Next meeting: August 1, 2014

Arizona State Board for Charter Schools
Charter Grade Level Amendment Request

October 24th, 2014

Having met the Arizona State Board for Charter Schools' requirements of receiving an overall rating of *Meets* or *Exceeds* on our most recent and prior Academic Dashboards, Nosotros Inc. respectfully submits our application to amend our charter to add primary school grades of Kindergarten, First, and Second.

Rationale

The Nosotros business plan, since 2007, has been to become a K-12 facility. The need to add primary grades was born out of concerns of neighborhood families who would be affected by the closures of nearby Tucson Unified School District elementary schools. In the Fall of 2013, the concerns became a reality with the closure of Menlo Elementary, Brichta Elementary, and other nearby schools.

Currently in grades 3-5 we have additional capacity, as well as having a waiting list for grades 6-8. By adding grades K-2, we will be better able to establish a strong academic focus with these students by providing them a standards-based, articulated curriculum as they move from one grade level to another. As well, our faculty will have the opportunity to build positive, caring relationships with these students and parents; as they have done repeatedly with students and parents in grades 3-12.

Most important, data shows that students who stay with us longer have higher achievement and make faster progress recovering from past gaps. Essentially our data shows that the earlier we are able to enroll students, the fewer academic problems they experience in later grades.

Mission, Philosophy and methods of instruction

The addition of grades K-2 is aligned with Nosotros Academy mission and philosophy by giving us the opportunity to strengthen community to keep families together and to meet academic challenges at an earlier age.

- **Nosotros Academy's Mission Statement:** Nosotros Academy dedicates itself to bringing a quality alternative education to at-risk students that will promote empowerment of the student, engagement of the family, and community building through mutual commitment to academic success by providing individualized services in a safe, user-friendly atmosphere that meet the needs of students so they can excel as members of the greater community.
Nosotros Academy understands and provides for the unique needs of at risk students such as credit recovery, small class size, and caring teachers, so the students may transition from at risk to college bound.
- **Nosotros Academy's Vision Statement:** Nosotros Academy believes all students have the right to discover, set and realize high academic, post-secondary, professional and personal goals.
- **Nosotros Academy's Philosophy** is and always has been: All Students can meet high standards and expectations when immersed in a small, positive and supportive educational environment. The Nosotros curriculum is based on individual skill mastery. Students are not simply passed along – students do not move forward until they have mastered the current unit. Our highly individualized and predominantly self-paced curriculum facilitates this goal. Students receive one-on-one instruction from highly qualified teachers and teacher assistants to assess understanding. Students who master the material quickly are able to move forward to the next unit.

Method of Instruction

The overarching method of instruction has an emphasis on differentiation and individualized learning. Nosotros Academy (9-12) is a method blend of individualized instruction with the curriculum customized for the students' math and reading level. The K-8 program offers a blend of teacher-lead instruction, demonstrations, practical exercise and independent work; all rich in hands-on, collaborative and explorative activities.

The foundations of higher order thinking are developed through student-centered mathematics and reading instruction. Our goal is to create an effective classroom environment, offering an articulated curriculum that is aligned to the AZ College and Career Ready Standards.

Levels of Proficiency

In order for a student to be promoted to the next grade level the student must demonstrate sufficient knowledge of the three basic subjects: Reading, Writing, and Mathematics. In reading and writing, students must be at an Intermediate Level according to the (Common Core Language Proficiency Skill, see attached matrices). At the very minimum the student must demonstrate grade appropriate academic mathematics, participate in discussions, respond to stories, and provide simple sentences with correct writing conventions. The student must also demonstrate the ability to distinguish between types of literature, make generalizations and indicate grade appropriate comprehension of understanding oral directions.

In mathematics, students should be at Development Level III, as indicated by the attached matrices. These students should possess the ability to use pictures and verbal explanations to experiment and manipulate numbers. Students who are in 2nd grade should also be able to include written responses. Furthermore, those in K-2 will also have the ability to represent and solve problems involving addition and subtraction fluently within a given set of values based on their current grade.

Students that function below intermediate level will be assigned to intervention activities such as one-on-one tutoring, after school services and/or our academic summer school.

Staffing

- Because of high demand, Nosotros Inc. and El Rio Preschool and Daycare have developed a private, tuition free pilot program of 12, K-2 students taught by a highly qualified teacher

Timeline

- Staffing and curriculum already complete
- August 10th, 2015, 1st day of school

Summary

Adding grades K-2 enhances the educational environment and promotes continual improvement on a greater scale. It provides a wider focus for educational success that benefits students in all grade levels served. Nosotros has expanded its community outreach, engaging more parents and community members in the educational process. Tucson's west side is a

better place to live and educate students because of the educational commitment Nosotros Inc. has made to the community.

We ask that our application be approved.

Sincerely,

Paul M. Felix
Principal / CEO

K-2 LANGUAGE PROFICIENCY LEVELS
(Expectations based on student's grade level)

Grade K Standards to Determine Proficiency

Know number names and the count sequence.	
Count to tell the number of objects.	
Compare numbers.	
Understand addition as putting together and adding to, and understand subtraction as taking apart and taking from.	
Work with numbers 11-19 to gain foundations of place value.	
Describe and compare measurable attributes.	
Classify objects and count the number of objects in categories.	
Identify and describe shapes.	
Analyze, compare, create, and compose shapes.	

Grade 1 Standards to Determine Proficiency

Represent and solve problems involving addition and subtraction.	
Understand and apply properties of operations and the relationship between addition and subtraction.	
Add and subtract within 20.	
Work with addition and subtraction equations.	
Extend the counting sequence.	
Understand place value.	
Use place value understanding and properties of operations to add and subtract.	
Measure lengths indirectly and by iterating length units.	
Tell and write time.	
Represent and interpret data.	
Reason with shapes and their attributes.	

Grade 2 Standards to Determine Proficiency

Represent and solve problems involving addition and subtraction.	
Add and subtract within 20.	
Work with equal groups of objects to gain foundations for multiplication.	
Understand place value.	
Use place value understanding and properties of operations to add and subtract.	
Measure and estimate lengths in standard units.	
Relate addition and subtraction to length.	
Work with time and money.	
Represent and interpret data.	
Reason with shapes and their attributes.
