Members discussed revising the mission statement since it had not been reviewed since before the Groenigs left. It was agreed that the mission statement should align with other Westwind Community Schools as long as it did not divert from the original mission of the charter. The original mission statement was as follows:

Park View Middle School is committed to provide a broad, relevant education to all of its 6, 7 and 8th grade students to help develop life long learners; assisting them to become responsible, useful members of their communities. Education will emphasize application skills that go beyond textbook information to include problem solving in as many areas as logistically possible.

Mary Bruhn motioned to approve the new mission statement. Dawn Revere seconded the motion. The motion passed unanimously. The new mission statement is as follows:

Our mission is to provide young men and women with a solid educational foundation in a context of care and concern. Park View School, Inc. combines a challenging curriculum with clear moral direction. Instruction is marked by a dedication to the mental, physical and moral development of all students. Students will receive a quality education, sensitive to their learning styles and designed to equip them with the skills and core knowledge upon which further learning must be based.
