

USFRCS Exception Amendment Request

Purpose

The USFRCS Exception Amendment Request is used by the Board to grant, as permitted by A.R.S. §15-183(E)(6), a charter holder an exception from the Uniform System of Financial Records for Charter Schools, or USFRCS. A charter holder granted this exception:

- Must utilize Generally Accepted Accounting Principles (GAAP);
- Is not exempt from annual auditing requirements, filing the Budget or Annual Financial Report with the Arizona Department of Education, or any financial report request from the Board, the Office of the Auditor General or the Arizona Department of Education; and
- Is responsible for any “cross-walks” necessary to complete reporting requirements.

*Before submitting this request **ensure the charter holder is in compliance per the Board's [policy](#)**. If a charter holder is not in compliance, the request may be deemed incomplete and the non-compliance may be recorded on the charter holder's operational dashboard.*

Determining Eligibility

Any charter holder is eligible to submit a *USFRCS Exception Amendment Request*.

Board Consideration

A substantively complete amendment request submitted by a charter holder may be considered for approval by the Executive Director, or placed on the agenda of a regular Board meeting. A finding that the Charter Holder is not in compliance in one or more areas (see The Guide) may result in a delay in consideration of the request.
