Application Overview

Introduction

Charter schools were established to provide a learning environment that will improve pupil achievement and provide additional academic choices for parents and pupils (A.R.S. §15-181).

Following the procedures set forth in Arizona Administrative Code (“Rule, A.A.C.”), the Arizona State Board for Charter Schools (“Board”) approves an application for each cycle or school year. The 2014-2015 application was approved on March 11, 2013.

The final deadline for submission of the application package is **June 28, 2013 at 11:59 p.m.** There are no extensions or exceptions to the deadline.

Complete application packages will be submitted in electronic form only. Electronic submission of new charter application packages will be submitted online through a web-based application wizard on the ASBCS Online database located at <http://online.asbcs.az.gov>.

A copy of the Rules relating to the Board’s application process is on file with the Arizona Secretary of State and can be accessed through http://www.azsos.gov/public_services/Title_07/7-05.htm.

Application Process

- **Instructions and Evaluation** - The specific instructions and evaluation criteria for each component of the application are included and detailed within the section listed in the Table of Contents. In addition to being scored for content, the application package will also be evaluated for readability. Special instructions for the completion of the Attachments are provided within each attachment.

Prospective Applicant Online Technical Assistance is available on the Board’s website at <http://asbcs.az.gov> under Applicant Resources.
- **Submission** – Application packages submitted online through a web-based application wizard on the ASBCS Online database will be accepted until the deadline of **Friday, June 28, 2013 at 11:59 p.m.** For details, refer to the **Submission Instructions** on page 9.
- **Application Processing Fee**¹ – In accordance with A.R.S. §15-183.CC, an application processing fee (“Fee”) is required to complete the submission of a new charter application package. The fee of \$6,500, in the form of a single personal check or cashier’s check (“Check”) made payable to *Arizona State Board for Charter Schools*, with the name of the Applicant printed on the front, must be received via U.S. mail (ASBCS, P.O. Box 18328, Phoenix, AZ 85009) or hand delivery to the Board office (1616 W. Adams St. Suite 170, Phoenix, AZ 85007) **during regular office hours** on or before the submission deadline of **Friday, June 28, 2013**. Failure to timely submit the Fee will result in the application being deemed administratively incomplete. The Check will be held until the completion of the Administrative Review.

¹ The application processing fee will be required upon the effective date of SB 1204, if enacted.

- If the application package is Administratively Incomplete, the Check will be returned to the Applicant. Board staff will contact the Applicant within ten days of notification of administrative incompleteness to verify whether the Check will be picked up in person at the Board office or returned via U.S. mail.
- If the application package is Administratively Complete, the Check will be deposited, the Fee becomes non-refundable, and the application package will be forwarded for Substantive Review.
- **Administrative Completeness** – Board staff confirms whether the application package contains all components required by statute, rule, and application instructions, and that the Fee has been timely received. An administratively complete application package must follow formatting requirements described on page 11, adhere to the page limitation, if identified, in each section and contain:
 1. Complete information for each application component, including:
 - Cover Page (Information must be consistent with the contents of the application package),
 - Title Page (Information must be consistent with the contents of the application package), and
 - Target Population Page (Information must be consistent with the contents of the application package);
 2. All narrative sections, required exhibits and attachments;
 3. All necessary information for completing a Background, Fingerprint, and Credit Check report for each Authorized Representative and Principal;
 4. Curriculum Samples submitted on the approved template, identifying the required Standard (English Language Arts and Math)/Performance Objective (Science), and following the criteria for administrative completeness found on page 26; and
 5. Required documents submitted on the application attachment and/or template approved for the 2014-2015 fiscal year.

Per A.A.C R7-5-201, by March 31 of each year, the Board approves and makes available in writing at its office and online at its web site an application for a new charter for a specified fiscal year. On March 11, 2013, the Board approved the application for a new charter for the 2014-2015 application cycle, which includes templates and attachments designated by the Board. Templates and attachments must not be altered from the approved content, format and sequence. An application package submitted for a new charter may be deemed administratively incomplete if it contains modifications to the content, format or sequence of the templates or attachments or if it contains templates or attachments that were approved for use in a prior fiscal year.

Failure to meet the criteria above will result in the application package being deemed Administratively Incomplete. The application will be evaluated based on the information that is included in the application package when it is submitted. Applicants will receive written notification of the deficiencies not more than 25 business days after the submission of the application package and processing fee (whichever comes last). If the application is deemed administratively incomplete, the Applicant's file will be closed pursuant to A.A.C. R7-5-

202.C.2. The Applicant, upon receiving notice of an incomplete application package, may submit a new application package, as long as the submission deadline of June 28, 2013 at 11:59 p.m. has not passed.

- **Substantive Completeness** – Upon determination that an application package is administratively complete, the Technical Review Panel (“TRP”) will score the application package using the evaluation criteria. Staff will complete the Background, Fingerprint, and Credit Check as part of the substantive review.

A substantively complete application package meets the following scoring requirements:

- ✓ No evaluation area receives a score of Falls Below the Expectation; and
- ✓ No more than one evaluation area in each section is scored as Approaching; and
- ✓ 95% of the evaluation areas in each Plan (Educational Plan, Operational Plan, Business Plan) score at the Meets level.

- *Substantively Incomplete Preliminary Application Package* – Each Applicant whose application package fails to meet the scoring requirements will receive written notification of the deficiencies, including a copy of the scoring rubric completed by the TRP. An Applicant with a substantively incomplete preliminary application package then has two options for continuing in the application process:

- The Applicant may use the information provided in the scoring rubric as technical assistance to improve the application package, and resubmit within 20 days of notification for review by TRP members, or
- Within 20 days of notification, the Applicant may submit a written request that the preliminary application package be considered by the Board without revision.

Per A.A.C. R7-5-203, if a revised application package or letter has not been submitted within 20 days of notification, the Applicant’s file will be closed.

Revisions to the application package may not include changes to the composition of the Applicant. The Background Information Sheet and the Affidavit, Disclosure, and Consent for Background and Credit Check should not be included in the revised application package unless the Applicant is specifically requested to provide new documents.

- *Substantively Incomplete Revised Application Package* – Each Applicant whose revised application package fails to meet the scoring requirements will receive written notification of the Board’s intent to close the file, as per A.A.C. R7-5-203. This notification will include a copy of the scoring rubric completed by the TRP. To continue in the application process, within 20 days of notification, the Applicant must submit a written request that the substantively incomplete revised application package be considered by the Board, or the Applicant’s file will be closed.
- **In-Person Interview** – Upon determination that a preliminary or revised application package is substantively complete, or upon receipt of a written request for a substantively incomplete application package to be considered by the Board, the Applicant must make themselves available for an in-person interview to:
 - ✓ Demonstrate a thorough understanding of the Educational Plan, Operational Plan, and Business Plan presented in the written application package, and
 - ✓ Demonstrate the capacity to implement a plan to operate a high-quality charter school, and

- ✓ Address any issues that arise in the course of the Background, Fingerprint, and Credit Check of each Officer, Director, Member, or Partner, or any issues that arise during the due diligence process relating to current or former charter operations of the Applicant, any Officer, Director, Member, or Partner, or an Education Service Provider.
- **Board Consideration** –A substantively complete application package, or a substantively incomplete application package with timely submission of a written request for consideration, is eligible to be forwarded to the Board for consideration. Board members will be provided with:
 - The application package;
 - The scoring rubric completed by the TRP;
 - The results of the in-person interview of the Applicant;
 - A report prepared by Board staff including:
 - TRP analysis of the quality of the application package;
 - Information regarding the results of the Applicant’s background, fingerprint, and credit checks;
 - Information regarding the due diligence check of current or former charter operations; and
 - Staff’s recommendation regarding the application package.

Applicants will be notified of the date of the Board’s consideration and how to access the information provided to the Board. Authorized Representatives and Principals of the Applicant will be provided an opportunity to address the Board, and should be in attendance to answer questions from the Board. No new documents from the Applicant may be added to the application package or distributed to the Board at the Board meeting.

The Board will follow the requirements of A.R.S. §15-183.C.2 in determining whether to approve the charter.

Uploading and Saving Files

The Title Page and parts A (Educational Plan), B (Operational Plan), and C (Business Plan) require the attachment of files generated outside the application wizard. Before uploading and saving a document, ensure that the file meets all evaluation criteria, is thoroughly proofread, and contains accurate information.

- ***In sections allowing only a single document:*** Click on **Browse**. A window will open allowing you to select the file on your computer. Click on the file and click **Open**. Once the file path and name appears in the box, click **Save and Continue**. The file name will be changed to reflect the section title. Once saved, click **View uploaded file** to ensure that the correct file was uploaded. To revise the file before submitting, upload and save again – the previous version will be automatically removed.
- ***In sections allowing multiple document uploads:*** Many sections require multiple documents to be uploaded. In these sections, for each document, click **Add a New Attachment**. Click on **Browse**. A window will open allowing you to select the file on your computer. Click on the file and click **Open**. Write a **Brief Description** of the file in the box (e.g.: 4th Grade Reading, Bylaws). Once the file path and name appears in the box, click **Add Attachment**. If Board staff notifies the Applicant that the Waiver was not received by the Waiver deadline, the Applicant may submit an application using the ASBCS Online system.

An Applicant who submits a timely Waiver waives the right to have the Board consider any application package submitted online for the current application cycle (2014-2015). No application package will be accepted through the Alternative Submission Process unless a Waiver has been received by the Waiver deadline and acknowledged as timely by Board staff. An application submitted using the Alternative Submission Process will undergo the same administrative and substantive review process described on pages 4-6.

Applicant Instructions

New charter applicants must submit a Performance Management Plan (“PMP”) as a part of the Educational Plan section of the application. The Performance Management Plan for new applicants is for the purpose of ensuring the school’s curriculum, instruction, monitoring of student achievement and professional development are in place and appropriate for providing a quality education for each student it serves. It is also intended to focus the school on meeting the Board’s Academic Performance Expectations (see Terms to Know).

If the application package is approved by the Board and the Applicant is awarded a charter, the application package, including the Performance Management Plan, become a part of the charter contract. Failure to implement the PMP may result in corrective action.

The Applicant will prepare and submit 1) a school-wide performance management plan for reading and 2) a school-wide performance management plan for mathematics using the Performance Management Plan Template. Each completed template should be introduced with a narrative that serves as the foundation for understanding the Performance Management Plan and its development.

The following components constitute a PMP:

- **Narrative:** The narrative must contain the following:
 - A description of the basis for setting predicted baseline figures;
 - Descriptions of systems, specific for each strategy, for gathering and analyzing data on the effectiveness of the action steps;
 - A process for updating and implementing improvements to the action steps based on the data analysis.

A.6 Curriculum Samples

Applicants must submit curriculum samples to demonstrate capacity to provide quality instruction in English Language Arts (Reading and Writing), Mathematics, and Science aligned to their Program of Instruction and the Required Arizona Academic Standards.

Each curriculum sample will be evaluated using the criteria described on page 27. For the purposes of this application, grade-level **rigor** is the expectation set by the Required Standard that includes a level of content and/or skills the student must master at that grade level. The increased rigor at each grade level can be identified by the changes in the standard description from the same standard at the prior grade level. Students advancing through the grades are expected to meet each year’s grade-specific standards, and retain or further develop skills and understandings mastered in prior grades.

Required Exhibits

- If serving an **elementary population (K-8)** – A complete application package will include curriculum samples for English Language Arts (Reading and Writing) and Mathematics for each grade level served, and for Science for grades 4 and 8 (if served).
- If serving a high **school population (9-12)** – A complete application package will include a curriculum sample for English Language Arts (Reading and Writing) for each grade level served. The curriculum samples for Mathematics will include a sample from each of the four high school mathematics courses that would meet state graduation requirements. The samples must represent content covering selected Conceptual Categories of the Mathematics Common Core State Standards. The curriculum sample for Science will include a sample for a high school biology course.

Grade:	K
Domain:	Measurement & Data (MD)
Cluster:	Describe and compare measurable attributes
Standard:	<p>#2 - Directly compare two objects with a measurable attribute in common, to see which object has “more of”/“less of” the attribute, and describe the difference. <i>For example, directly compare the heights of two children and describe one child as taller/shorter.</i></p>
Grade:	1
Domain:	Measurement & Data (MD)
Cluster:	Measure lengths indirectly and by iterating length units
Standard:	<p>#2 - Express the length of an object as a whole number of length units, by laying multiple copies of a shorter object (the length unit) end to end; understand that the length measurement of an object is the number of same-size length units that span it with no gaps or overlaps. Limit to contexts where the object being measured is spanned by a whole number of length units with no gaps or overlaps.</p>
Grade:	2
Domain:	Measurement & Data (MD)
Cluster:	Measure and estimate lengths in standard units
Standard:	<p>#2 - Measure the length of an object twice, using length units of different lengths for the two measurements; describe how the two measurements relate to the size of the unit chosen.</p>

Grade:	3
Domain:	Measurement & Data (MD)
Cluster:	Solve problems involving measurement and estimation of intervals of time, liquid volumes, and masses of objects
Standard:	#2 - Measure and estimate liquid volumes and masses of objects using standard units of grams (g), kilograms (kg), and liters (l). Add, subtract, multiply, or divide to solve one-step word problems involving masses or volumes that are given in the same units, e.g., by using drawings (such as a beaker with a measurement scale) to represent the problem.
Grade:	4
Domain:	Measurement & Data (MD)
Cluster:	Solve problems involving measurement and conversion of measurements from a larger unit to a smaller unit
Standard:	#2 - Use the four operations to solve word problems involving distances, intervals of time, liquid volumes, masses of objects, and money, including problems involving simple fractions or decimals, and problems that require expressing measurements given in a larger unit in terms of a smaller unit. Represent measurement quantities using diagrams such as number line diagrams that feature a measurement scale.
Grade:	5
Domain:	Measurement & Data (MD)
Cluster:	Represent and interpret data
Standard:	#2 - Make a line plot to display a data set of measurements in fractions of a unit ($\frac{1}{2}$, $\frac{1}{4}$, $\frac{1}{8}$). Use operations on fractions for this grade to solve problems involving information presented in line plots. <i>For example, given different measurements of liquid in identical beakers, find the amount of liquid each beaker would contain if the total amount in all the beakers was redistributed equally.</i>
Grade:	6
Domain:	Statistics & Probability (SP)
Cluster:	Develop understanding of statistical variability
Standard:	#2 - Understand that a set of data collected to answer a statistical question has a distribution which can be described by its center, spread, and overall shape.
Grade:	7
Domain:	Statistics & Probability (SP)
Cluster:	Use random sampling to draw inferences about a population
Standard:	#2 - Use data from a random sample to draw inferences about a population with an unknown characteristic of interest. Generate multiple samples (or simulated samples) of the same size to gauge the variation in estimates or predictions. <i>For example, estimate the mean word length in a book by randomly sampling words from the book; predict the winner of a school election based on randomly sampled survey data. Gauge how far off the estimate or prediction might be.</i>

Grade:	8
Domain:	Statistics & Probability (SP)
Cluster:	Investigate patterns of association in bivariate data
Standard:	#2- Know that straight lines are widely used to model relationships between two quantitative variables. For scatter plots that suggest a linear association, informally fit a straight line, and informally assess the model fit by judging the closeness of the data points to the line.
