RE: Renewal Notification Information – Shonto Governing Board of Education, Inc. Entity ID 6353

Dear Dr. Richard McClements,

According to A.R.S. § 15-183 (I), an approved plan to establish a charter school is effective for a fifteen year term. At least eighteen months before the expiration of the approved plan, the charter holder may apply for renewal. The Board will consider renewal based upon the renewal application as well as multiple sources of evidence gathered during the term of the charter, including historical documents and student achievement data, and must notify a charter holder at least twelve months prior to the expiration of the charter if it will not be renewed.

This notification includes critical information regarding the renewal process, including how to apply for renewal. Please read this letter very carefully. Failure to meet the application deadline may jeopardize renewal of the charter.

As the authorized representative of the charter holder, all renewal communications will be sent to you. On Thursday, August 18, 2011, your organization will become eligible to apply for renewal. According to the Board's approved renewal process, renewal applicants have three months from the time they become eligible to apply for renewal to prepare and submit the renewal application. The application submission deadline for your organization will be November 18, 2011. A more detailed explanation of the renewal application process is available on the Board's website.
