Dear Ms. Rowe,

Lake Havasu Charter School requests to be placed on the next Arizona State Board of Charter School agenda. The Lake Havasu Charter Board members and staff would like the opportunity to address our Renewal Application and the missed deadline. The e-mail listed on the Board's databases was at one time monitored by a part-time employee who retired in March 2009. Our IT person was to redirect all e-mails from the retired employee's computer to the Administrative assistant's computer for monitoring. We did not fill the retired person's position as a cost saving measure to the school. Human error and the need to be financially conservative is the cause for this dilemma.

Our purpose is not to cast blame toward the State Board or its board members; however, we would like to share our concerns regarding this matter. LHCS would prefer to have this matter taken to executive session, if at all possible, due to its sensitive nature. Our focus is on the students that we serve and the need for our school in Lake Havasu City.

We look forward to hearing from you in the near future and the opportunity to speak with you in person at the next board meeting. Due to my continued computer virus, you may reach me via e-mail at finnman@citlink.net or by telephone 928-505-5427.

Respectfully Yours,

Patricia L. Hauchrog

Patty,

I have reviewed the letter provided as to your purpose for addressing the Board. Because the content of your address appears to be informational in nature, it has been determined that such information is most appropriate to share during the Call to the Public and, therefore, will not be included on the November agenda. The meeting notice, including the time and date of the next meeting, will be posted on the Board's website next week.
